

List of Inspection Companies

Number of Inspection Fields	Number of Companies	Name of Company	Inclusion Range	Certificate Validity Date	Address
1	1	Pars Saman Toos Company	Technical Inspection of Electric Elevator according to National Standard of Iran No. 6303-1	2/12/2020	No. 30, 1 st floor, Salman Farsi 6 Street, between Kolahdooz and Rahnamee Streets, M
2			Inspection of welding and non-destructive testing (PT, RTI, UT, VT, MT) in metal constructional and industrial structures		
3			Pressure Vessels Inspection of pressure vessels (excluding vessels subject to technical regulation) contractual conditions Inspection of hot water and steam boilers according to Iranian standard 4231		
4			Inspection of transportation, storage and distribution of liquefied gas (according to Iranian standard 841)		
5			Inspection of mobile, overhead, and forklift, and tower cranes according to standards ASME B30.5, ASME B30,2, ANSI B56,1, ASME B30, 3.		
			CNG Stations Inspection of multipurpose stations for CNG supply (National Iranian Standard 12054) Inspection of CNG refueling station- General requirements and compressor equipment Refueling Stations (National Iranian Standards 7829-2 and 7829-1). Inspection and supervision of periodic test of seamless steel cylinders (national Iranian standard 6792)		
6	2	Andishe Pardazan Sanat Persia Co.	Vehicles CNG tank Installation inspection and quality assessment of high pressure tanks mounted on vehicles for storage of natural gas as fuel according to national standard 9426 Periodic inspection of CNG vehicles according to Iranian national standard 9747	19/2/2020	No. 40, Unit 2, 4 th street, North Kargar Street, Tehran Phone: 88015778 and 88222700-03
7			Inspection of welding and non-destructive testing (PT, RTI, UT, VT, MT) in metal constructional and industrial structures	12/3/2020	
8			Inspection of pressure vessels (excluding vessels subject to technical regulation)	12/3/2020	

List of Inspection Companies

Number of Inspection Fields	Number of Companies	Name of Company	Inclusion Range	Certificate Validity Date	Address
9			Inspection of commodities in the field of food, agricultural and vegetable oils, petroleum and petroleum products and petrochemical, minerals, consumable goods including: home appliances and electronics, chemicals, auto parts, textile and cellulose, cosmetics, industrial commodities: construction machinery, mining and agricultural machinery, electrical and electronic equipment, equipment of oil and gas and petrochemicals, instrumentation, mechanics and metallurgy, industrial machinery, medical equipment	12/3/2020	Telefax: 88229728 Email: info@asp-inspection.com
10			Inspection of specifying the energy consumption criteria: cement 7873, brick 7965, lime 8665, plaster 8666, flat glass and glass containers 8667, sugar 8668, pulp and paper 8669, synthetic rubber and plastic materials 9648, ceramic and tile 9649, compressed wood sheets 9651, vegetable oils 9652, motor oils and refined oils 11593, cast iron castings 11594, steel castings 11595, dairy industries 11956, oil refineries 13369, olefin 13370, ammonia 13371, methanol 13372, urea 13374, aromatics 13374, natural gas refineries 14152	12/3/2020	
11	3	Soroosh Nazeran Eram	Inspection of elevator	12/3/2020	No. 106, third bypass on the left (dead-end 7/6), alley 7, Mirzaye Shirazi Boulevard, Shiraz Postal code: 7188933656 Phone: 071-36245944; Telefax: 071-36245944 Email: info@sornaeram.ir
12			Inspection of parks' playing equipment at operation stage and periodic inspection series 6436, Pneumatic equipment at operation stage and periodic inspection series 11389, fixed bodybuilding tools for open public spaces at operation stage 16110.	12/3/2020	
13			Inspection of specifying energy use criteria of dairy industry 11956, Compote and Cans 16747, Juice and Concentrates 16748, fossil fuels to electricity 13375	12/3/2020	
14	4	Joosh Farayand Control	Inspection of the refueling station of compressed natural gas according to national standards no 7829-2, 7829-1, 12054	7/12/2019	No. 21, Floor 4, Taheri Street, After Nahid, Africa Street, Tehran. Postal Code: 1966865413 Phone: 021-26216343-26216110 Fax: 021-26216343-26216110 Email: farayandco.iwi@gmail.com
			Standard Pressure Vessels 9426 and 9747	7/12/2019	

List of Inspection Companies

Number of Inspection Fields	Number of Companies	Name of Company	Inclusion Range	Certificate Validity Date	Address
15	5	Payesh Gostaran Pishro	Inspection of welding and non-destructive testing (PT, RTI, UT, VT, MT) in metal constructional and industrial structures	13/3/2020	No. 21, 4th floor, Taheri Street, After Nahid, Africa Street, Tehran. Postal Code: 1966865413 Phone: 26216110 021-26216343 Telefax: 26216110 021-26216343 Email: farayandco.iwi@gmail.com
16			Pressure Vessels (Contractual Terms) Liquid Gas Transportation, Storage and Distribution 841 Gas steel cylinders 841 Hot water and steam boiler 4231 Hot water boilers 7911 Periodic test of steel cylinders 6792 Inspection of Cylinders 7909 Parts 1-2-3	13/3/2020	
17			Types of cranes and forklifts	29/4/2021	
18			Commodities	8/7/2021	
19			6	Nam Avaran Basir Technical Inspection Company	

List of Inspection Companies

Number of Inspection Fields	Number of Companies	Name of Company	Inclusion Range	Certificate Validity Date	Address
20			Powerhouse inspection based on standard 16000	9/3/2022	
21			Inspection and sampling of domestic and export goods and sampling of imported goods in the field of foodstuffs, agricultural products and vegetable oils and consumable goods: chemical and petrochemicals, mechanical and metallurgical supplies	9/2/2022	
22	7	Aria SGS Quality Services	Periodic inspection of CNG tanks mounted on vehicles according to National Standard 9426, Periodic Inspection of Vehicles with CNG fuel according to standard 9747	19/2/2020	No. 19, West Nosrat street, Tohid square, Tehran. Postal code: 1457785661; Telephone: 66434647 Fax: 021-66424748
23			Industrial and constructional welding and performing non-destructive tests 3 (VT,PT,MT,UT,RTI)	30/12/2020	
24			Inspection of crane, mobile, and forklift cranes	30/12/2020	
25			Standard 4231 hot water and steam boilers, inspection and storage and distribution of liquid gas standard 841, gas steel cylinders with welded structure for LPG 1-841, Welded Stainless Steel Gas Cylinders 2 and 12775-1. Inspection of pressure vessels	30/12/2020	
26			Inspection of goods in the field of petroleum and petrochemical materials, consumable goods including: cellulose, textile, paint and polymer, industrial goods: mechanical and electrical machinery and equipment, instrumentation and polymer	30/12/2020	
27			Confirming type of automobile	3/2/2021	
28			CNG station standards 1-7829, 12054m and 6792	3/2/2021	
29			Confirming the type of road-construction and mine machinery	3/2/2021	

List of Inspection Companies

Number of Inspection Fields	Number of Companies	Name of Company	Inclusion Range	Certificate Validity Date	Address
30	8	Engineering and Inspection of Alloyed Tanks	Inspection of pressure vessels (excluding vessels subject to technical regulation) Inspection of liquid gas storage and distribution vessels in accordance with National Standard 841 Inspection and monitoring of periodic testing of standard seamless steel gas cylinders according to national standard 6792. Inspection of gas cylinders- seamless refillable steel cylinders- according to standard 7909 part 1-2-3 Periodic inspection of portable gas steel cylinders and filling with welded structure for liquid gas according to national standard 841-1	29/7/2021	No. 118, 5th floor, West Howezeh street, north Sohrevardi street, Tehran. Postal code: 1551913734 Phone: 02188761696-88739848 Fax: 021-88537891 Email: info@avei-co.com
31	9	Supervision over human health requirements and standards of Qeshm	Technical inspection of electric elevator according to national standard of Iran no. 6303-1	24/2/2021	Standard street, 22 Bahman street, Golha Square, Qeshm. Phone: 076-35242291 Fax: 076-35242293
32			Inspection of vehicle type verification (Iranian standard 6924)		
33			Agricultural and road construction machinery Approval of mining and road construction machines according to Iranian standard 12544 Approval of type of agricultural machinery and tractor according to national standard 13259		
34			Equipment of playground and amusement park Inspection of Playground Equipment during Operation and Periodical inspection (Iranian standard series 6436).		
35			Inspection of import and export goods/ Inspection Criteria (Contractual Terms and Conditions) Foodstuff, agricultural products and vegetable oils Oil and petroleum products and petrochemicals Minerals, non-metallic building materials Consumable goods, excluding sporting goods and motorcycles Industrial goods: Factory equipment and metal smelting, electrical and electronic equipment, construction equipment, industrial lift and machinery and sampling of all imported goods/

76			All types of forklifts and cranes		
77			Road construction and agriculture machinery		
78			Playground and fixed bodybuilding equipment		
79			Powerhouse		
80			Specifying energy consumption criteria in residential and non-residential buildings, greenhouses, poultry, and power plants		
81			Goods inspection	22/1/2020	
82	20	Behineh Sazan Sanat Tasisat	Cement 7873, Brick 7965, Aluminum 8664, Lime 8665, Plaster 8666, Flat Glass and Containers 8667, Sugar 8668, paper pulp 8669, Synthetic Plastic and Rubber 9648, Ceramic and Tile 9649, Tire Tube 9650, compact wooden sheets 9651, vegetable oil 9652, engine oil and refined oil 11593, steel casting 11595, dairy 11595, residential building 14253, non-residential building 14254, Concentrates and Juice 16748, Poultry 19582, Commercial Greenhouses 14300, Determining the Efficiency of Fossil Fuel Power Plants 13375, Energy-using industries on Compote and Can according to Iranian National Standard 16747	7/10/2021	Unit 225, Fan Avar Units Growth Center, Iranian Scientific and Industrial Research Organization, Saeed Abad, Shahriar.
			2/12/2021		
83		Hot water and steam boilers standard 4231	7/10/2021		
84		Powerhouse standard 16000	22/1/2020		

List of Inspection Companies

Number of Inspection Fields	Number of Companies	Name of Company	Inclusion Range	Certificate Validity Date	Address
85	21	Kisan Paya Sanjesh	Inspection of production processes in energy-using industries (Iranian standards): Olefin 13370, urea 13373, ammonia 13371, natural gas refinery 14156, synthetic rubber raw materials 9648, methanol 13372, efficiency determination of fossil fuel power plants 13375, residential building energy label instruction 14253, non-residential building . Residential, energy label instructions 14254	25/9/2020	No. 90, Unit 7, South Jamalzadeh street, Enghelab square, Tehran Telephone: 021-66591600 Fax: 021-66123052 Email: inspection.keysun@gmail.com
86	Inspection of hot and cold water engines for heating and hot water supply of Buildings. According to National Iranian Standard 16000.		22/1/2020		
87	22	Imen Keifiat Atieh Roshan Inspection Company	Inspection of installation and reassessment of the quality of high pressure vessels mounted on vehicles in order to store the natural gas as fuel according to Iranian standard 9426. Periodic inspection of vehicles with natural gas fuel	24/11/2019	No. 90, Unit 7, South Jamalzadeh street, Enghelab square, Tehran Telephone: 021-66591600 Fax: 021-66123052 Email: inspection.keysun@gmail.com
88	Inspection of CNG stations (according to standards 7829-1, 7829-2 and 12054) and the stations' vessels according to standard 6792		30/12/2020		
89	23	Inspection Engineering Iranian Company (IEI)	Electric elevators according to national standard 630-3-1: 1381	11/11/2020	No. 2434, after Saai Park, Vali Asr Street, Tehran. Phone: 021-89342000 Fax: 021-8888631 Email: info@ieico.com
90	Equipment of the playground and amusement parks Inspection of equipment of amusement park during operation and service and maintenance according to standard of Iran (11389). -) 5 0904 (Inspection of Wind Equipment during Standard Operation and Periodic Inspection of Iran Inspection of equipment of amusement park during operation and periodic inspection of Iran standard (6436)				

List of Inspection Companies

Number of Inspection Fields	Number of Companies	Name of Company	Inclusion Range	Certificate Validity Date	Address
91			CNG Stations Inspection of Multipurpose CNG Stations according to Iran Standard 12054 Inspection of CNG refueling station -General requirements and compressor's equipment Refueling Station- Iranian Standards 7829-1 and 7829-2 Inspection and monitoring of periodic testing of seamless steel gas cylinders		
92			Inspection of mobile, overhead, and forklift, and tower cranes according to standards ASME B30.5, ASME B30.2, ANSI B56.1, ASME B30.3.		
93			Inspection of welding and non-destructive testing (PT, RTI, UT, VT, MT) in metal constructional and industrial structures (contractual conditions)	24/11/2019	
94			Vehicle and motorcycle Confirming the type of vehicle (Iran Standard 6924) Confirming the type of motorcycle (Iran Standard 7558)		
95			Inspecting baking machines and equipment		
96			Approval of mining and road construction machines according to Iranian standard 12544 Approval of type of agricultural machinery and tractor according to national standard 13259	24/11/2019	
97			Pressure vessels Inspection of pressure vessels (excluding vessels subject to technical regulation) contractual conditions Inspection of steam and hot water boilers according to Iranian standard 4231 Inspection of hot water boilers according to Iranian standard 7911		

List of Inspection Companies

Number of Inspection Fields	Number of Companies	Name of Company	Inclusion Range	Certificate Validity Date	Address
98			Vehicles CNG tanks Inspection of installation and reassessment of the quality of high pressure vessels mounted on vehicles in order to store the natural gas as fuel according to Iranian standard 9426. Inspection of confirming the type of vehicles and CNG parts of Tank type 1 (CNG-1)- completely metal Periodic inspection of CNG vehicles according to Iranian national standard 9747		
99	24		Inspection of Electric Escalator and movable pavements National Standard 13836-1	11/11/2020	
100			Inspection of goods- import and export/ Inspection Criteria (Terms and Conditions of the Contract) Foodstuff, crops and vegetable oils Oil and Petroleum and Petrochemicals Minerals, non-metal building materials Consumable goods, excluding sporting goods and motorcycles Industrial goods: Factory equipment and metal smelting, electrical and electronic equipment, construction equipment, lifts and industrial machinery and sampling of all imported goods Inspection of goods- import and export/ Inspection Criteria (Terms and Conditions of the Contract) Foodstuff, crops and vegetable oils Petroleum and Petrochemicals: Petrochemical Minerals Consumable goods Industrial goods		
101	25	IGI Inspection	Inspection of goods- import and export/ Foodstuff, crops and vegetable oils Petroleum and Petrochemicals: Petrochemical, Minerals, Consumable goods and industrial goods excluding (heavy road, mine and agricultural construction machinery, forks, cranes, pressure vessels, lifts, equipment of amusement park and playground and elevators)	15/11/2019	No. 334, Building IGI, after Ghaem Magham intersection, Ostad Moatahari Street, Tehran. Phone: 02188833171 Fax: 021- 88833179

List of Inspection Companies

110			Powerhouses Inspection of hot and warm water powerhouses special for heating installations and supplying consumable hot water of the buildings according to Iranian Standard 16000		
111	30		Inspection of Road Cable, Equipment and Facilities of Cable of roads Designed to carry passengers during manufacturing, Installation, Operation and Periodic Inspection (According to Iranian Standard 11352, 11353, 11355, 11356, 11357, 11358, 9891, 9419, 9420, 9421, 10175, 10176, 10177).	15/10/2020	No. 1847, third alley, opposite the economy faculty, before Jalal Al Ahmad, north Kargar Street, Tehran. Phone: 021-88020296 and 88020343 Fax: 02188020540
112			Equipment of playground and amusement park Inspection of park's play equipment at installation and operation stage and periodic inspection (series of standards 8987) Pneumatic equipment at manufacturing, installation, and operation stage and periodic inspection (Iranian standard 11389). Inspection of playground's play equipment at installation and operation stage and periodic inspection (series of standards 6436) Inspection of water slides during construction, installation, operation and periodic inspection (Iranian Standards series 14238) Inspection of fixed bodybuilding equipment for public open spaces during construction, installation, operation and periodic inspection (Iranian Standards series 16110).	15/10/2020	
113			Elevator Inspection of electric elevators before operation and periodic inspection (Standard of Iran 6303-1)		
114			CNG Stations Inspection of multipurpose stations for CNG supply (National Iranian Standard 12054) Inspection of CNG refueling station- General requirements and compressor equipment Refueling Stations (National Iranian Standards 7829-2 and 7829-1). Inspection and supervision of periodic test of seamless steel cylinders (merely for tanks of CNG stations) (national Iranian standard 6792)		

List of Inspection Companies

Number of Inspection Fields	Number of Companies	Name of Company	Inclusion Range	Certificate Validity Date	Address
115			Inspection of cranes: Mobile according to standard ASME B30.2 Overhead according to standard ASME B30.5 Forklift according to standard ASME B30,56,1		
116			Tower crane according to standard ASME B30. 3.		
117			Welding Inspection of welding and non-destructive testing (PT, RTI, UT, VT, MT) in metal constructional and industrial structures		
118			Determining energy consumption criteria Inspecting production processes in energy-using industries: Steam boilers, instruction of energy label (Iranian standard 13782)		
119			Confirming the type of vehicle according to standard 6924		
120			Agricultural and road construction machinery Approval of mining and road construction machines according to Iranian standard 12544 Approval of type of agricultural machinery and tractor according to national standard 13259	15/10/2022	
121			Pressure Vessels Inspection of pressure vessels (excluding vessels subject to technical regulation) contractual conditions Inspection of hot water and steam boilers according to Iranian standard 4231 Inspection of hot water boilers according to Iranian standard 7911		
122			Vehicles CNG tanks Inspection of installation and reassessment of the quality of high pressure vessels mounted on vehicles in order to store the natural gas as fuel according to Iranian standard 9426. Inspection of confirming the type of vehicles and CNG parts of Tank type 1 (CNG-1)- completely metal according to Iranian standard 7598. Periodic inspection of CNG vehicles according to Iranian national standard 9747
